Pub Crawls 2019

SaaStock Pub Crawls are your chance to connect with newfound friends as you make the most of Dublin's legendary nightlife. We have a range of different crawls taking place on Monday evening across the city. Please read the information carefully as your allocated pub crawl will be dependant on your ticket type.

All pub crawls will end at our Opening Party which takes place at Everleigh from 6pm onwards.

Please make your way to your designated meeting point where a SaaStock branded representative will get you grouped up for a crawl. If you arrive more than 15 minutes after the meeting time, we may not be able to allocate you to a crawl as all of the groups will have departed. In this instance, please make your way to Everleigh for the opening party at 6pm.
